CITY IMPACT CENTER'S main facility opened its doors in June of 2008 in response to the increasing challenge of creating a safe and positive environment that would foster social interaction and personal development for local children and families. Because many of the children served come from single-parent households, one of the primary functions of City Impact has been to provide a safe alternative place for local children and teens to play, learn, and grow in a healthy and productive manner.

THE TRANSFORMATION: City Impact has been transformed into a multi-dimensional community complex that provides desperately needed services to low-income individuals of all ages. These include after-school activities (i.e. prepared meals, homework tutoring & mentoring, physical activities), early childhood development, charter school for grades 6-12, free medical clinic for children and adults, fresh food packages (including fresh vegetables grown on site), behavioral health, low income senior housing, addiction recovery, temporary staffing, Opportunity Village ENABLE, and adult night school classes for High School Equivalency and English Language Arts (day classes also available). Many of these activities and services have resulted from the dire necessities of the community, coupled with a core group of passionate staff and committed community partners working together to make a difference.

MAKING A DIFFERENCE

City Impact provides much more than vital services to low-income families and individuals; it is changing lives in positive and productive ways. No other facility in Las Vegas provides so many critical services at one location. Hundreds of children and families benefit each week from City Impact's services and activities. City Impact delivers high value, in terms of the quality and quantity of services, thanks to the support and resources provide through partner organizations and highly devoted volunteers.

If you would like a tour, or are interested in making a donation please contact Vic Caruso, Director at City Impact Center 702.809.5521

MAKE AN IMPACT CHANGE LIVES

OUR MISSION

To impact the Las Vegas community by providing on-site access to programs, education, housing and wellness organizations that ensure citizens, young and old, can live productive, healthy and whole lives.

Innovations International Charter School of Nevada

Innovations International Charter School

950 E. Sahara Ave
www.iicsn.org
702.216.4337

The mission of Innovations International Charter School of Nevada is to provide our students and staff with an environment that focuses on efficiency, effectiveness, and safety while utilizing sound instructional practices to pursue academic success. Our campus provides education for grades 6 through 12.

After School Program

950 E Sahara Ave
School days Tuesday through Thursday
4:00pm-6:00pm
702.888.4CIC

Kids and Teens enjoy activities in a classroom setting including help with homework, tutoring and a meal that is provided. Kids also get to play in the game rooms and gymnasium.

Opportunity Village

Opportunity Village believes that people with intellectual disabilities and their families should have choices in where and how they are served. So, Opportunity Village provides a variety of different programs which provide men and women with all levels of disabilities the chance to lead a life that had previously been unattainable.

Sonshine Garden

950 E. Sahara Ave
702.888.4CIC

The Urban Garden is one of our most recent additions to the City Impact Center campus. Donations from local businesses allow us to create and maintain a beautiful garden to grow fruits and vegetables. The produce is given out to the local community. The garden is also used to help teach the children on our campus how to plant, grow and harvest while also teaching life skills.
